

1974 Dhow in good condition. The boat was prepped and tip-brushed with a two part epoxy paint, white. there are no fiberglass spider cracks. Two sets of sails, aluminum mast and boom, all in good condition.

Changes and additions to the boat:

I've fiberglassed in balsa bottom stiffeners, the mast is filled with a two part polyurethane so the boat will not turn turtle, and added a metal goose-neck from Dwyer Mast. The centerboard gasket was replaced and the boat does not leak. New cunningham adjustment blocks, new vang adjustment blocks, and a new Hexaratchet main sheet block. All blocks are Harken. A masthead wind indicator. New shrouds and forestay standing rigging. Aluminum extrusions bolted to the transom to mount transport wheels(wheels not included).

Asking price, \$1100.00

I also have front access XXL dry suit for sale, used 2 years in very good condition.

Asking price, \$275.00
